SUMMARY

Product-focused UX/UI Designer with a background in Computer Science seeking a UX/UI or Product Design role. I design clear, accessible interfaces that make complex information easy to understand and am experienced with Figma, accessibility (WCAG 2.1), and rapid prototyping.

EDUCATION

B.S. Computer Science – University of North Carolina at Greensboro | *May 2025*

A.A.S. Information Technology – Fayetteville Technical Community College | *May 2021*

TECHNICAL & PROFESSIONAL SKILLS

Design & UX: Wireframing, Prototyping (low/high fidelity), Accessibility (WCAG 2.1), User Flows, Visual Design, Usability Testing, Design Systems, Data Visualization

Tools: Figma, Adobe Creative Suite, Canva, WordPress, CMS platforms

Front-End: HTML/CSS, JavaScript, React, Tailwind

Professional: Collaboration, Project Planning, Training, Customer Empathy

Portfolio: jasanismallwood.com (Design samples)

WORK EXPERIENCE

UX/UI Designer (Contract)

Xtern Software – Sept 2025

- Redesigned two modern, accessible websites to improve usability and visual clarity.
- Built wireframes and prototypes in Figma and worked with managers and engineers to refine layouts and user flows.
- Created 21 responsive pages under changing requirements, keeping visual patterns consistent and supporting an on time launch.
- Featured Project: CruxDB Redesign – jasanismallwood.com/cruxdb.

Assistant Webmaster

UNCG School of Health and Human Sciences — Apr 2024 – May 2025

- Updated and redesigned WordPress sites for 12 departments, improving navigation and accessibility for students and faculty.
- Collaborated with faculty to organize content and simplify information architecture for better usability.
- Designed branded visuals in Photoshop and Premiere Pro to keep digital materials consistent.

Social Media Manager

Moshi Moshi Boba Cafe — May 2025 – Present

- Designed and launched digital campaigns that boosted community engagement by 552%.
- Created on-brand graphics and templates in Figma and Canva for consistent visuals.
- Analyzed engagement data to refine strategies and improve reach.

SELECTED PROJECTS

View full case studies at jasanismallwood.com

Rotary 7690 Website Redesign – UX/UI Designer (Contract)

Modernized 21-page website to improve usability and readability. Conducted quick user testing and delivered responsive Figma prototypes in under 30 hours.

CruxDB Redesign (Xtern Software) – UX/UI Designer (Contract)

Redesigned a product information page for clarity and modern appeal. Delivered mobile and web prototypes in Figma within 7 hours and collaborated with developers for launch.

IdealBet (Senior Capstone) – Product Designer

Designed a predictive sports analytics dashboard using Next.js and Tailwind. Collaborated with a team of developers and product managers to deliver a full-stack solution.

Libby App Redesign – UX Designer

Reworked navigation and accessibility for a library app used by readers of all ages. Improved contrast, readability, and overall usability.

Recipe Platform Redesign – UI Designer

Created a minimalist recipe interface focusing on typography and clear visual hierarchy for easy, step-by-step readability.
